

School Development Plan 2021-24

The overarching aim - **“Every Teacher can improve”**. (Dylan Wiliam)

Three foci to help us achieve this:

Focus 1: Embed Behaviour for Learning throughout the school so every pupil can fulfil their potential.

Focus 2: Support and develop all teachers to use our assessment system more effectively by reviewing and developing it as appropriate.

Focus 3: Create a coaching culture so every member of staff can embed the “Big 6” in their practice. A particular focus will be the development of “Mastery”.

Focus 4: Train and enable all staff to support students with SEND consistently, effectively and with a thorough understanding of their needs through the ‘DEVELOPED’ programme.

2023-2024:

Priority One - Assess our SEND provision, develop further and achieve the SEND Inclusion Award by July 2024.

Priority Two - Maintain high quality SEND provision after award achievement by embedding a SEND culture and continuing to assess, train, monitor and evaluate.
