Newsletter No. 4

Dear Parents and Carers,

As we approach our half term break, I have been very pleased with the positive attitude that all of our pupils have shown to the beginning of the academic year. Some of the enrichment activities and competitions from this term can be viewed in the latest edition of @oakwood [here](#).

It is likely that we are about to enter a more challenging period of time after half term break, with rising Covid cases locally and nationally. As a school, we will endeavour to keep you fully informed of our decisions, which will always be made in the best interests of all of our pupils and staff.

Can I take this opportunity to wish Year 11 the very best of luck with their PPE (mock) exams. These are important exams and must be taken seriously by all students in Year 11. Work hard and have a positive attitude.

Again, I take the opportunity to remind you that pupils need to wear full uniform to and from school. Hooded tops and sweatshirts are not permitted and will be confiscated. As the weather gets colder, pupils should have a warm overcoat to wear to and from school.

Please continue to support us in the wearing of face masks in communal areas of the school. By this we mean between lessons, on stairwells and whilst queuing for food in the school hall at break and lunchtime. By wearing a mask you are helping to protect others.

Lateral Flow testing

Please encourage your son/daughter to undertake twice weekly testing and continue to test during the half term break. In order to protect the school community, we ask that your son/daughter does a Lateral Flow Test on Sunday 31st October, before returning to school on 1st November. Please continue to report the result to school and the NHS, using the following links:

Vaccinations

For parents of students of Year 7 to 11 – a reminder to complete the consent form for the Flu and COVID vaccinations. Please refer to the reminder email sent on 21st October.

GCSEPod

This week we launched our new resource, GCSEPod with our Year 11 students. This is a really exciting resource which will support students with their revision as they approach their PPEs and through until the summer examinations. Students can download the app to their mobile devices or tablets, or access the website at gcsepod.com. The package has been designed to link to the GCSE specifications we follow here at OPGS and the content available is relevant to our students. There are some really useful 'pods,' or video clips, on revision tips and preparing for their assessments. The website tracks usage, so staff will be able to see students interacting with the resource and can even design 'playlists' of videos which our students should watch. We are looking forward to rolling this out to our Year 10 cohort after half term also. Students can log in to the website, using their OPGS email address. Their password is their name, followed by their 6 digit date of birth.

Advanced Notice on Parents Evenings

In the next small term, we are due to have Year 10 and Year 7 Parent Consultation evenings. Given the rise in infection rates in Maidstone and the surrounding areas, these events will be taking place online. All parents and carers will be written to with details of our online parents evening resource nearer to the time of the events. Thank you for your support on this issue.

Attendance and Punctuality

We know that students value coming to school, particularly after the period of school closures in the last eighteen months and that parents share our views that excellent attendance is fundamental to a successful and fulfilling school experience. As such we actively promote 100% attendance for all our pupils. In the light of this and travel routes beginning to open up once more can I take this opportunity to remind parents of procedures regarding absences from school as set out in our attendance policy:

Request for Absence Procedure:

- Parents need to make a formal request for absence using the school's 'Request for absence' form as soon as they are aware that their child will be absent from school.
- The form needs to be promptly returned to the school for the Headteacher's consideration.
- The school may request additional information in order to allow them to decide whether the absence is to be authorised or not.
- The school will inform parents of the Headteacher's decision.

If no explanation is received, absences will not be authorised.

The following reasons are examples of absence that will not be authorised:

- Family Holidays
- Confusion over school dates
- Child's/family birthday
- Persistent non-specific illness e.g. poorly/unwell
- Medical/dental appointments of more than half a day without very good reason

The following reasons are examples of absences that will be authorised:

- A death in the family or funeral.
- Scheduled medical appointment, for example with a doctor, dentist or consultant.

Requests for holidays in term time will not be authorised.

We are aware that there have been issues with public transport, specifically in relation to bus services and as such some pupils have been unavoidably late to school. However, in the cases of students being late with no good reason, your son or daughter's Director of Study will be in touch to discuss the matter with parents. Students are reminded that if they are late to school they must sign in on arrival at Student Reception. If your son or daughter arrives after registration and fails to sign in they will receive an unauthorised absence mark (Code U) which will impact on their overall attendance percentage.

Finally, if your son or daughter is absent from school please ensure that you make a 'first day absence call' to the school or email attendance@opgs.org

With best wishes for a pleasant half term break.

Yours sincerely,

K.W. Moody
Headteacher
