

Homework Timetable

Year 7 2023-24

Completing homework and extending learning into the home offers many benefits. Homework should support students in mastering information learned at school and allow them to revisit important knowledge, boosting memory retention.

A homework timetable will support transition to secondary school and help our students develop their time management skills and practice persistence. It will also support parents and carers to help their children in organising their workload at home.

Teachers at Oakwood Park Grammar School commit to setting homework that offers purpose to learning and will ensure that all work set will support learners in developing and mastering the knowledge, skills and understanding required to be successful in their subject areas.

Homework will be set on EduLink but is likely to take a variety of forms. It will range from consolidating learning through the completion of an extended piece of writing to quick fire or multiple choice questions on a learning platform. Not all homework will be explicitly marked but students should receive feedback.

We do not advise that homework is set for the following day but understand on rare occasions a member of staff may feel it necessary.

Students will receive homework as follows;

English – 3 times a fortnight	Computing – once a fortnight
Maths – 4 times a fortnight	Design Technology – once a fortnight
Science – 3 times a fortnight	Drama – once a fortnight
History – 2 times a fortnight	Music – once a fortnight
Geography – 2 times a fortnight	PSHE – once a fortnight
Spanish – 2 times a fortnight	RE – once a fortnight
French – 2 times a fortnight	
Art – once a fortnight
